

Indie 7

7-inch Smart Monitor with optional Camera
Control for RED® DSMC2® & KOMODO™

Target Ship Date:

October 2020

Indie 7 is the vivid, lightweight entry model into SmallHD's professional 7-inch touchscreen monitor series. Featuring hyper-responsive touchscreen technology with 1000 nits of brightness for daylight visibility. Housed in a lightweight, thin, and rugged aluminum chassis designed for heavy production use. Powered by the user-customizable PageOS 4 software toolset for a personalized viewing experience. Fully compatible with the Teradek Bolt 4K RX Module.
